# A CELEBRATION *of* FACULTY SCHOLARSHIP

---

---

## 2018-2019

*A joint project of the Faculty Life and  
Professional Development Committee  
and the Vice President of Academic Affairs*

Scholarship rests at the heart of every academic. The dynamic search for truth, as stated in our mission, calls us to look beyond the boundaries of our own understanding and seek greater meaning and discovery from our respective fields. This quest and its outcome strengthens us in our teaching professions, connects us to the wider academic community, and brings prestige to the institution. This year, once again, we celebrate the achievements of those faculty who made significant scholarly contributions in their disciplines. Please join with us in celebrating the research and expertise of our colleagues.

~ The Faculty Life and Professional Development Committee

Scholarship activities conducted by the Lourdes University Faculty during the 2018-2019 Academic year are listed in the pages that follow. Except for editing to a column format, the information presented appears as submitted by the individual faculty member.
